

BMW Car Club of British Columbia

A Club for Owners and Enthusiasts

8th Annual Concours d'Elegance and BMW Heritage Celebration

Sunday, August 28, 2005

Judging is based on **subjective** evaluation by the judges of the vehicle on a scale of 0 to 7 in each of the following areas.

Section 1 Vehicle Exterior	16 items x 7 = Max Points	112
Section 2 Vehicle Interior	12 items x 7 = Max Points	84
Section 3 Engine Compartment	12 items x 7 = Max Points	84
	maximum judged points possible	280
	Maximum possible score = judged points + bonus points	300

Additionally Points are added or subtracted in the following areas

Added Points given for

Age Bonus Points:	1 point for each year of the cars age from event year
Mileage Bonus Points:	1 point per 8000 km or 5000 miles on the odometer
Member Bonus Points:	Max 2 point for displaying valid club window decal

Full Bonus Points are calculated but only a max of 20 points are added to the judged score. The differential in bonus points may be used in simple tie breaking situations.

Subtracted Points

Judging Handicap:

We use a designation of Clean, Super Clean or Concours which is assigned to the car based on previous first place wins and daily driver status of the vehicle

CL - Clean	Previous year first win	1 point
SC - Super Clean	Two previous year wins	2 points
CN - Concours	Three or more previous wins	3 points

Restored Vehicles note:

mileage bonus points for restored vehicles may vary based on the type of restoration. Full restorations normally have the odometer reset at restoration, and your mileage reading on the judging form should have reflected this.

Judging errata notes and comments:

Three transcription and data entry errors were noted in the post event review. Changes were made and two changes did not affect results, one change affected the results, and an additional trophy is to be awarded in the M Class cars.
